RPV Chairman John Whitbeck Issues Statement Supporting John Guevara

Momentum Continues to Build for John Guevara for Sully Supervisor

Fairfax- Today Republican Party of Virginia Chairman John Whitbeck issued the following statement in support of John Guevara, who is running for Sully District Supervisor.

“Growing the Republican Party is essential to our winning elections in Northern Virginia. John Guevara is exactly the kind of Republican we need to accomplish just that. His military and private sector experience in project management makes him uniquely qualified to serve on the Fairfax County Board of Supervisors. While I am not endorsing in primaries, I feel it is important for Party leaders to ensure that talented conservatives like John are encouraged to run for office. We need people like John who are willing to step up and serve their communities and I applaud him for doing so.”

“The only way we can grow our Party is to engage every community with our message of limited government and more individual freedom,” said John Guevara. “We are very excited about where we are in the campaign right now. We are moving forward very fast as the election is just next month. Those kind words from Mr. Whitbeck will certainly help to energize our team through the stretch run to Election Day.”

The Guevara campaign officially filed with the county committee on Monday. The Republican nomination will be decided through a firehouse primary on April 25th, from 10am to 3pm at Westfield High School located 4700 Stonecroft Blvd. Chantilly, VA 20151.
